

SILICON HILLS PROJECT

Identity, typography, color and production assets

SUMMITTEXAS.ORG / AUSTIN, TEXAS

SAND

BASALT

ORANGE

TERRACOTTA

Color system

Warm paper neutrals carry the page. Burnt orange is the signature. Terracotta is reserved for hover and emphasis.

SAND

#EFE8DB

Primary background

BASALT

#2A2620

Headings and primary text

BURNT ORANGE

#C75B1F

Hero type, mark and actions

TERRACOTTA

#B85A38

Hover and emphasis

BODY INK

#5C554A

Long-form copy

INK FAINT

28% BASALT

Rules and quiet metadata

Default pairing

Basalt on Sand for reading. Sand on Burnt Orange for compact labels only.

SILICON HILLS PROJECT

Typography

A bookish serif leads the identity. Neutral body copy and technical mono labels keep the system modern and operational.

SILICON HILLS PROJECT

LIBRE BASKERVILLE / 400 / UPPERCASE / +5.5% TRACKING

DISPLAY

Libre Baskerville

Build in Austin.

Hero wordmark, SUMMIT transition and expressive brand statements.

BODY

Inter

Bring ambitious builders under one roof.

Mission copy, explanations and high-legibility reading.

UTILITY

JetBrains Mono

JOIN SUMMIT HOUSE / OUR MISSION

Logo and mark

The summit is a stacked system: three foundation bars, four ground blocks, two middle blocks and one peak.

TRANSPARENT MASTER

PROFILE 400 PX

FAVICON 256 PX

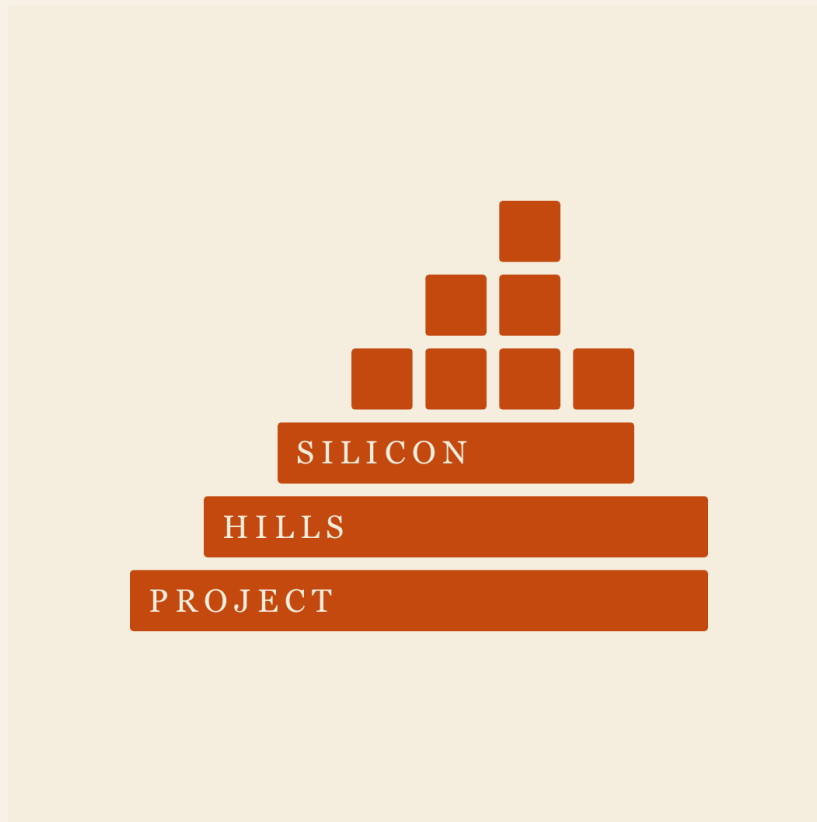

PRESENTATION MARK / SAND FIELD

USAGE RULES

- Preserve proportions.
- Keep one block of clear space.
- Use orange on sand or basalt.
- Do not crop, skew or add effects.

Independent mark

Use the complete summit and word-bar lockup when the identity must stand on its own without a neighboring headline.

PRIMARY INDEPENDENT LOCKUP

[silicon-hills-project-independent-mark.pdf](#)

VECTOR PDF / PORTRAIT ARTBOARD

USE

Independent identity moments, event signage, documents and profile-level brand placement.

KEEP

The summit blocks and all three name bars together as one composition.

FIELD

Preserve the Sand background. Treat the surrounding white page margin as artboard space, not part of the mark.

CLEAR SPACE

Allow at least one summit block around the complete lockup.

LinkedIn application

This is the current background banner. Its open left field is intentional and protects the composition from the profile-photo overlay.

CURRENT LINKEDIN BACKGROUND

silicon-hills-linkedin-banner-1584x396.jpg

1584 x 396 JPG / 4:1 / USE AS SUPPLIED

LEFT FIELD

Keep the left half open for LinkedIn interface and profile-photo overlap.

RIGHT LOCKUP

Do not center, rebalance or shift the three word bars.

EXPORT

Preserve the 4:1 crop. Avoid extra copy, effects or compression-heavy re-exports.

silicon-hills-x-banner.png / 1500 x 500 / X header variant

Asset inventory

The independent lockup and current LinkedIn banner are now part of the core handoff. Older banner treatments remain available as campaign variants.

CORE HANDOFF

FILE	SIZE	ROLE
logo.png	768 x 585	Transparent summit master
silicon-hills-project-independent-mark.pdf	vector PDF	Independent identity lockup
summit-mark.png	1290 x 876	Sand-field summit mark
favicon.png	256 x 256	Browser and small icon
linkedin-company-profile.png	400 x 400	Social profile mark
silicon-hills-linkedin-banner-1584x396.jpg	1584 x 396	Current LinkedIn background
silicon-hills-x-banner.png	1500 x 500	X header variant

CAMPAIGN VARIANTS

FILE	SIZE
silicon-hills-linkedin-banner.png	4200 x 700
linkedin-company-banner-v5-editorial.png	4200 x 700
linkedin-company-banner-v4-dark.png	4200 x 700
linkedin-company-banner-logo-large.png	4200 x 700
linkedin-company-banner-hq.png	4200 x 700

linkedin-company-banner-v2.png	4200 x 700
linkedin-company-banner.png	4200 x 700

SELECTION RULE

Use the 1584 x 396 background for the current LinkedIn page. Select older banners only for a deliberate campaign or format-specific need.

Production source of truth

Brand assets live in assets/. Website tokens live in styles.css. Hero and motion behavior live in index.html, mission.html and script.js.
